## CAREER SUMMARY

I am working as Software Engineer intern with the focus on improving technical skills. I am a keen learner and an early adaptor of technology and methodologies with 1 year of experience. I enjoyed working with people to solve problems and love to do experiments with technologies and methodologies. At the end of the day, I like to have fun working and learning with others; create meaningful positive results for the company, colleagues, and customers and to spend quality time with my family and friends.

## SUMMARY

- Currently working as Trainee Software Engineer in **IT Geeks Dewas**.
